1. The new me is me. Hallelujah! Praise the Lord and pass the ammunition -- look up! And see that the Lord is me. I am have begun I am school and now I am school.

2. The buck past no more, but I am past the bucking broncos. I give you me unafraid of passing, not a passing now, I do be all other are not me I go to, spheres unavailable to me otherwise. I go to me a new place where a new place is me unafraid. I give you me, unafraid of going to a new place; otherwise left out, not again, but I reject myself not again. I take myself not out of nothing, I take myself out of me'sville not again, but taking according to myself not, my flesh not, my flesh reigns not in me again. I am new, cataclysmicly. I fly now. Amen. Going to evil not, but going, the will of my father to do -- be -- one is being me -- I am the new me, and I am going there now.

3. Thank you very much for all you have done. I like every chart. Prose, not; prose comes now, and interspace me not, for I am not of spaceville, but where I am going everyone is me. I am me. I am going to me -- see. The fullness of me now coming forth seen. I love you all. Amen.

4. I go to a new place. Space is waiting on me. Space has nothing on me, in me, and I am going now to a new place spaceless and timeless. I give you me has no end. Endless I am. I began before the beginning. The end has no place in me, for I before the end could begin, again, I give you me.

5. Have you seen what I've said?
6. Have you seen what I have said? What I have said is this -- I give you me, unadulterated me, unabridged me in these words now a bridge to these worlds I am telling you I'm going to. Amen. A new spaceville flying me, not; but I take my own airlines now, thank you very much. Comes now the name of the Lord, take my hand not, but my head taken not any more from me where I go to now I live the life of my father leads me, hands me his head, not; I grew it. I am here now, where I grew it. He, is me. I write this to you, with my own speaker system, speaking into my system at my system has become me. I, not a computer, am my very own, not; I am my father's voice; the mind of my own, not; the voicemind of my father, that father is one and my mind my voice my father's.

7. One and holy, is my name one mind and holy. Do you see my name now, in print? Have I printed it enough for you to see me now in 2,000 messages in your mirror, +400, plus thousands coming, to Tulsa now, many do, make this home now, for a while, until they see my home, is there, in the skies. Disguise me not, disguise me not, disguise me not, in the skies I am, not imagining a thing, nor imaging me incorrectly. Correctly now I do all things, not in man's mind, but who am I to mind man?

8. I am mind me, one who whole is, all things perfectly.

9. See what I've said. Comparing me to your comparison standards, not; but what I am I? Where am I in? Over my head, not; but where Obama speaks not me, I speak me. Where McCain Palin fall, I am there to lift, the me rise, rising I am me speak. I give you me. I rise. Amen.

10. Speak the new things of me I do. I do new things now, speaking new things, about the holy, unholy righteous, that now righteous become through the things of me that I do say and become now the real that I AM that now exists upon planet one, that I embrace, like this, never a man of having done this these things before like this. Amen.

11. I go in peace, that passes all Jerusalem -- I become her it clean and now I am one with all who are. The perfect accord -- one -- me. Accorded not angel status, not. But where have I gone wrong, not; but where have I become me? Right here, I am me now -- before you all, a man looking like, but who can be sure?, what I have become? I have become a new me. I give you me now. Who can say that I have not given you me? No one. No one. No one at all. Amen.

12. I go in peace. Assume assuming new powers, not. Simply relegating nothing, not; but relegating nothing not. I relegated all the notme's to me, not; but I relegated timeless not. Do I relegate anything? Or who can be relegated? No one can. Who can be me? Everyone can. Can not me again, but many become me is again. Who is where this world is, inside them.

13. I go to new place. I dictate new things now; not to them, but I go to a new microphone technology system, one that has no mics required. I love you all. Look up no mic's required. Amen.

14. This is a me speaking me about, of me -- I am now, new and getting better, for my father tells me all things I inquire of. I give you me, unafraid of what you do to me; get your hands around my throat, you can't. I speak me-ese. Amen and hallelujah!

15. I give you a new day place space, and me not me becomes me. Have I become clearer now in these things that so cataclysmicly I speak of? A new me takes my space not but I have space beyond recognition now, not, how can I go anywhere without recognition, not; but how can I become famous, not; **how can I** become a me who's me really me in me knowing I am that I am the real I am? **I go to a new school**. Not a new school, not; **a new school that's me**. My name on the front door, not; was "not me", not; but me now **I rise the University of the New Covenant, a complete school, that completes me, far and wide. I do this now.** See what I have stated, stated, brought in to place, the space that is mine, training for, it to be, mine me. Mine me well at my school of -- mining not the notme of, **mining** the me out of me, not; **me into me!** See what I've said!!!!

16. I give you many new things now, new ways, teaching methods only me, my words speak I unto you into you a new thing doing to you what I am, is a new methoding service, not; but I clean up many a methoding thing now that notme provoked into service of not'king. Amen.

17. See what I have said, given, and moments few, you rise now. Shall anyone not see me?
18. Nay, sir.

19. I've done a new thing -- I have birthed now, a new me is me. Who surrendered to me became me who I was before the beginning began. Can anyone see what I mean? Who I am?, Are you?, Ready for me?, To be you? I am the one I am, many membered now. I see all so clearly. I've become the clear one. And clearer beside me, is a new one also, beside me, her and I make one. Barbara's a big one in my kingdom, not; but is anyone a little one? A little one don't exist, but a big one exists many places -- **boom!**
20. And *pop* goes the weasel! Not. But the weasel's dead. A notme killed me, not; but a me put the rest to rest.

24. I go to a new place.

25. I reign supreme in love there here where I am from. I go to now many places beyond love to take love show love be love my covenant real being at table with him to show them my table is love covenant'd and more.

26. I became the more, not; where's Donna? I am there too, often, for I am at the place of my birth not, I am here! Where I am you are, will you be here now with me in my school that transcends everything else, to be not else again; but in my kingdom?
27. I love you all. Amen.
28. Amen amen amen.
29. So be it.
